

Find Help Fast

Use this short routing guide when the problem is clear in plain language but the best next page, packet, or proof layer is not.

Use the practical door first

- Safety support before politics or proof when immediate safety is the issue.
- Court Week + Next Hearing when the next official date is the pressure point.
- Prepare + Organize when the file and questions are the real barrier.
- Terms + Basics when the words themselves are the first block.

Use the Family Hub lanes

- Housing help for eviction, rent, lease, or staying housed.
- Child-support help for review, adjustment, orders, and administrative support questions.
- Legal-help links for clinics, legal aid, and referral routes.

Use the public-record lane after that

- State of Maine Families for the flagship public record.
- Sources + Proof and Briefs + Data for verification and receipts.
- Citizen Initiative for the protected bill lane, voter summary, FAQ, and full text.

Carryable route

- Start Here -> Find Help Fast -> Terms + Basics or Prepare + Organize -> Court Week if needed -> Family Hub -> Packets + Guides.
