- 4 pressure-to-response - claim, visual, source, response crosswalk
- 5 success - the public scorecard
- 6 sources.html
- 7 downloads/state-of-maine-families-brief.pdf

What this page is for

- fast statewide orientation
- public-record review
- a first page for press, officials, supporters, and skeptical readers
- a shareable entry point that still points back to sources

What this page is not for

- immediate safety help
- legal advice
- replacing the Family Hub when a family needs a practical door first

Best use note

If a family needs help right now, send them to resources.html first. Use the dashboard after the immediate practical step is covered.
