

# Supporter Share Pack

Use this pack when someone wants the strongest public-facing materials without reducing the platform to slogans.

## Recommended order

1. dashboard.html
2. downloads/state-of-maine-families-brief.pdf
3. downloads/initiative-voter-summary-public.pdf
4. downloads/initiative-faq-public.pdf
5. briefs.html
6. downloads/supporter-share-pack.pdf

## Purpose

Lead with the flagship page. Carry the short brief and voter-language layer after that. Keep the evidence and initiative close behind.

Use note

The strongest share path is still read, verify, then act.
